Section –B

Answer any one question

5×1=5

- 4) Distinguish between 'MAN' and 'man'.
- 5) Explain the significance of international trade.

PRACTICAL GEOGRAPHY

ECONOMIC GEOGRAPHY LAB (GEO-A-CC-4-08-P)

Full Marcks-15

The figure of the margin indicate full marks

1) Using data provided in table No 1:

- a) Draw a graph showing the annual variation in the export of cotton in lakh bales of 170 kg each in India during the given period.
- b) Compute and draw the trend by 3-year moving averages.
- c) Compute and draw the trend by 4-year moving averages.
- d) Interpret the trend.

4+4+4+3=15

Table-1

Year	Import of cotton (in lakh bales of 170 kg each)
2009-10	83.00
2010-11	76.50
2011-12	129.57
2012-13	101.43
2013-14	116.96
2014-15	57.72
2015-16	69.07
2016-17	58.21
2017-18	67.59
2018-19	50.00

Regional Planning and Development

(GEO-A-CC-4-0 9-TH)

The figure of the margin indicate full marks

INTERNAL ASSESMENT

Answer any **one** question

5×1=5

- 1) Distinguish between formal region and functional region with example.
- 2) Distinguish between macro and micro region with example.

Theory

FM-25

Section- A

Answer any two questions

10×2=20

1. Discuss different types of regions with examples.
2. Illustrate the idea of multi level planning region of India.
3. State the Myrdal model regarding regional development

Section –B

5×1=5

Answer any two questions

1. Illustrate the concept of metropolitan.
2. What do you mean by regional disparity?

KULTALI DR. B. R. AMBEDKAR COLLEGE
4th SEMESTER
Paper – GEO-H-CC-4-10
Soil and Biogeography
Full Marks – 45

Internal Examination

Answer any one question

1. Write a short note on texture of soil. 5
2. Differentiate between foodchain and foodweb. 5

Theory

Answer any two questions

3. Describe the different factors of soil formation. 10
4. What is soil profile? Describe the profile of lateritic soil. 2+8
5. Describe the characteristics of tropical rain forest with geographical extent. 10

Answer any one question

6. Write on the significance of organic matter in soil. 5
7. Define biome and biosphere. 5

Practical

8. On the basis of data provided in Table No. 1 compute and draw a time series graph by least square method and comment on it. 8+5+2

Year	Total forest area in sq. km.
2011	692,027
2013	697,898
2015	701,673
2017	708,273
2019	712,249
